

**WELCOME TO FANA MEDICAL GROUP
DR. MIGUEL A. FANA JR.**

- Our **physicians are available 24 hours a day** for your urgent healthcare needs and will return your call. There is a live answering service that will have the doctor call you back.

**Call our main number
727-384-0192**

- **Preferred Hospitals:** Our doctors have selected the following hospitals because of their confidence in and professional rapport they have with the hospital and rounding doctor. In an emergency, notify your ambulance of your preferred hospital.

***NORTHSIDE HOSPITAL
BAYFRONT MEDICAL CENTER
ST. PETERSBURG GENERAL HOSPITAL***

- If you have an **urgent healthcare need during our normal business hours**, 8:00 am–4:30 pm Monday through Friday, we will make the necessary arrangements to **see you the same day**.
- **After a hospital stay or emergency room visit**, contact our office immediately after discharge. Your doctor will need to see you in the office to assure your continued recovery.
- **Scheduling appointments:** Call our main number to schedule your appointment and be sure to bring your medications with you to each appointment. When you schedule an appointment please remember that your doctor has personally set that time aside for you. If you are unable to keep your appointment, please call us at least 24 hours in advance so your doctor can offer that appointment to someone else with a healthcare need.
- **Preventive care:** If you are a Medicare patient, your doctor would like to see you every 6 months. This will help both you and your doctor maximize preventive care.
- **Prescription refills:** Contact your pharmacy and they will fax us the request that day for your doctor's approval. Please call at least 3 days before your medication is needed.

FANA MEDICAL GROUP

Physician Information

Miguel Fana, M.D.

Dr. Miguel Fana is Board Certified in Internal Medicine and is a Member of the American Medical Association and a Fellow of the American College of Physicians. Born and raised in Manhattan, New York, Dr. Miguel Fana received his Doctorate in Medicine in 1995.
